

# ADAPTERS

## The only THIN WALLED

### Sap Spouts & Adapters

#### on the market

- (Translucent) Made of high quality BPA-free polycarbonate or ultra resistant XB2 FDA approved with U.V. protection
- Flexible, will adapt to the tap hole
- Drastically reduces the effect of compartmentalization
- Using DSD STARS sap spouts or adapters allows a healthy maple to heal in the same year
- Micro leak free (even on high vacuum)

★ Blue	SPA225-XB	\$0.19
★ Gray	SPA225-XG	\$0.19

#### Sap Spout Adapter

- Prevents the insertion of a contaminated rigid spout which could damage the maple
- Avoid annual cutting of the drop line
- Used with regular 19/64" or 5/16" sap spouts
